

Combining exceptional craftsmanship with timeless appeal, Graber Traditions Wood Shutters are truly an investment in your home's enduring beauty. From traditional to contemporary, sophisticated to whimsical, the Sheffield Collection graces any room with an added measure of character.

Hinges and Pull Knobs

Distinctive finishes coordinate perfectly with the many available paints and stains. Choose from Satin Nickel, Antique Brass, Bright Brass, White or Off White (hinges only).

Frames

Four styles work in harmony with the unique shape and size of virtually any window. Select from L-Frame, Z-Frame, Sill Frame or Hang Strip.

experience

makes all the difference

The heart and soul of the Graber difference is its commitment toward creating the "Best Experience" possible. From consultation through installation, every Graber window treatment produced brings with it the ultimate in customer service. Add to that the window fashion industry's most comprehensive warranty program and you have a great illustration of action speaking louder than words. Our experience. Your satisfaction. That's the Graber difference.

originality

insists on choices

Traditions Wood Shutters are enhanced with a wide assortment of options and upgrades. Each can be matched with a custom paint or stain to create a look of unsurpassed elegance.

Hide-a-Tilt™
With a hidden tilt bar, this popular option provides a contemporary look with an unobstructed view to the outside.

Custom Arches

A window's unique personality can be further accented with a custom arch. *With spans up to an impressive 108 inches*, the Sheffield Collection offers the widest arches in the industry.

harmony

is effortless

CUSTOM COLOR PROGRAM

Color is the element that brings a room together. With the nation's only custom color program Traditions Wood Shutters can be color matched to your woodwork, wall coverings, paint, fabric and more.

inspiration

fuels the imagination

A unique advantage of Traditions Wood Shutters is their ability to seamlessly connect a room's décor with the natural beauty of the outdoors. These stylish panel options provide the classic combination of fashion and function.

Bypass Panels

Ideal for patio doors, individual or paired panels slide past each other, gracefully revealing the outside view.

Café Panels

This classic style covers the bottom part of the window allowing light to enter above while maintaining a measure of privacy.

French Door Cut-Outs

Distinctive curved or rectangular cut options beautifully complement euro-style door handles or traditional knobs.

Bi-Fold Panels

Popular for larger windows or sliding glass doors, panels are hinged together and fold like an accordion.

COLOR MATCHING SYSTEM

In addition to the collection's 4 stock paints and 4 stains, Traditions Wood Shutters can be color matched to any Traditions Wood Blind or competitive shutters *at no extra charge*.

Louver Styles

With a look reminiscent of fine furniture, Traditions shutter louvers are available in four distinct sizes offering a variety of exceptional benefits:

- 1 ¼" – Perfect for smaller windows; combines the light control of mini blinds with the elegance of shutters.
- 2 ½" – The most traditional; the shutter becomes the room's focal point.
- 3 ½" – More design flexibility and outside visibility.
- 4 ½" – Best view to the outside; almost disappear when open.
